WELCOME

On behalf of the Committee of the Portavin Wine Show of Western Australia I'm delighted to welcome you to Mount Barker for the forty-fourth Wine Show.

I would like to thank everyone who supported the 2020 Wine Show. Scheduling and managing last year's Wine Show was challenging like everything in 2020 and I was very pleased to see the industry adapt to the conditions.

I am also very pleased to welcome Portavin back as our major sponsor and applaud the commitment of all sponsors, some of whom have been a part of the Wine Show for many years.

The challenges the Wine Show faced last year have resulted in a number of changes in presentation and direction for 2021.

Firstly, Sounness Park has been adopted as the judging venue. The new venue provides better climate control and allows greater scheduling freedom.

Secondly, a review of classes and an understanding of the past and the

possible future of the West Australian industry has resulted in new classes for Malbec, Tempranillo, Chenin Blanc, and Pinot Gris/Grigio being introduced this year.

Thirdly, the schedule has been revised to make regulations easier to understand and to conform to *The 2020 Wine Show ASVO Best Practice Recommendations*.

The exhibitor tasting and trophy presentation are both back this year. Pre-registration will be required for exhibitor tasting to address any possible restrictions on event attendance. The trophy presentation will be less formal than in previous years and, likewise, we will need to respond to any possible restrictions on event numbers.

I also express my sincere appreciation for the support of this year's judges and stewards who have fitted the Wine Show into their busy schedules, and I look forward to receiving your entries!

Ian Osborne,
Chair of Wine Show of WA Committee

ENTRY REGULATIONS

The following conditions apply for entry into the Wine Show of Western Australia (Wine Show):

1. **Wine producer** means a person, including a partnership or body corporate, who manufactures wine, or has wine manufactured from grapes grown by the person, for sale under the person's name or business name.
2. **Wine and spirit merchant** means a person, including a partnership or body corporate, who buys wine for resale.
3. **Exhibitor** means a wine producer or wine and spirit merchant who enters one or more exhibits in the Wine Show.
4. An exhibitor may enter the Wine Show if the exhibit/s comply with all conditions of entry that apply.
5. Wines exhibited in the Wine Show must be made from 100% Western Australian grown grapes.
6. All exhibits must be commercially bottled at time of dispatch for entry. Minimum quantity required at time of written entry is 100 dozen with the exceptions of classes 4, 7, 18, 25, 29, 39, and 40 where the minimum quantity is 25 dozen.
7. The Wine Show Committee reserves the right to accept or reject any entry, to question exhibitors on details of entry and to change entries to a more appropriate class if required. If a more appropriate class is not available the wine will be withdrawn without refund.
8. All entries are at the exhibitor's risk until the end of the Wine Show when the entries become the property of the Mount Barker and District Agricultural Society (Incorporated).
9. Entries will only be accepted on-line via **Showrunner** and exhibitors must complete all mandatory fields in their entry.
10. An exhibitor may enter an exhibit in a class only if the exhibitor is named on the entry form as the exhibitor and is named as the producer or merchant of the exhibit on the commercial label under which the exhibit is, or will be, sold.
11. An exhibit must be entered under its brand name on the entry form, not the exhibitor's name or parent company name.

15. An exhibit must comply with all applicable and relevant State and Federal laws in relation to the manufacture and labelling of wines.
16. Testing for total reducing sugars will be carried out as required by the judges.
17. Wine show labels will be emailed to exhibitors. Exhibitors must print and affix the labels to each exhibit prior to the despatch of exhibits for receipt before the nominated closing date.
18. Unless stated otherwise in this schedule, an exhibit:

 - must be commercially labelled or display a label prepared by the exhibitor providing all information required for entry to the Show including exhibitor and commercial names, vintage, and variety
 - must display the show exhibit label provided
 - must be bottled from a commercial bottling run.

AUDIT PROCEDURES

Before accepting an entry, the Wine Show Committee will verify information included on the entry form. Exhibitors may be contacted to clarify or provide further information if required.

Any exhibit or record relating to an exhibit stated on the entry form may be inspected and checked by an auditor appointed by the Wine Show Committee.

Any audit procedures undertaken will be consistent with the *2020 Wine Show Australian Society of Viticulture and Oenology Best Practice Recommendations (2020 ASVO BPR)*.

Prior to judging, a draw will be made of five exhibitors whose entries will be audited for quantity of entered wines. Exhibitors selected must supply details of any sales made after the written entry, which reduces the quantity held below the stipulated minimum for the class. Entries from Wine Show Committee members will also be audited.

Selected exhibitors must also provide one bottle each of up to two entries to be taken for comparison with the entry/entries during judging.

Any exhibit found to be in breach of the entry regulations and other entry requirements and/or relevant wine industry Acts and Regulations during any post audit procedure will be disqualified and any awards cancelled. Entry fees will not be refunded.

JUDGING OF EXHIBITS

All entries will be checked prior to acceptance to ensure compliance with the entry regulations and other entry requirements detailed in this Schedule.

All exhibits will be checked on receipt from exhibitors to ensure that the wine received for judging is the same as the wine detailed on the entry form.

Exhibits in each class are randomised and a judging number applied prior the commencement of judging.

Judging practices are guided by the 2020 ASVO BPR and in accordance with Federal and WA Government COVID-19 safe protocols, regulations, and requirements in place at the time, as well as other practices and requirements deemed appropriate and necessary by the Wine Show Committee.

Each exhibit will be assessed by a panel of three judges who assess the exhibit independently of other exhibits in the class.

Judges are screened from the exhibits and have access only to a glass of each exhibit which is poured by a steward.

Judges must not engage in any discussion during assessment of an exhibit and are required to assess each exhibit impartially.

At the conclusion of judging each class, all judges will assess and discuss individual assessments and scores, collate scores, and agree on the awarding of medals.

The judging panel may call for repours of any wines prior to finalising a score. Stewards prepare and randomise repoured wines out of sight of judges. The Chief Judge may split large classes across one or more judging panels. Each panel, in consultation with the Chief Judge, will determine their highest pointed exhibit/s. These exhibits will then be repoured and randomised by stewards out of sight of the judges and judged by the Chief Judge and the panel leaders of each of the split class panels to determine the top gold exhibit for that class.

Each exhibit will be judged on its merits, with no limit on the number of gold, silver, or bronze medals that may be awarded in a class. If more than one gold medal is awarded in a class, the judging panel may award a top gold for the class. The judging panel may decline to make an award in any class.

The judging panel agrees on a final score for each exhibit out of 100 points. A medal is awarded to an exhibit as follows:

- Gold: 95-100 points
- Silver: 90-94 points
- Bronze: 85-89 points

The catalogue of results will identify exhibits that have won gold, silver, or bronze medals. Exhibits awarded a gold medal will be listed without score. Scores will only be published for wines awarded silver and bronze medals.

TROPHY JUDGING

Trophies are awarded to the best exhibits after judging all top gold medal wines from eligible classes by the Chief Judge, panel leaders and all judges.

Only wines awarded the highest score in each class are eligible for trophy judging. Trophies are decided by a ballot of all judges using the Borda point system.

BEST WINE OF SHOW – PORTAVIN TROPHY

The Portavin Trophy will be awarded to the wine judged to be best overall from classes 1- 40, provided that 100 dozen of the entered wine is held by the exhibitor at time of entry.

GREAT SOUTHERN TROPHIES

To be eligible for these trophies an exhibit must first be awarded a gold medal in its class. Wine must be 100% from the Great Southern to be eligible.

JS GLADSTONES TROPHY

This trophy will be awarded to the wine judged to display the best and most distinctive regional characters. To win the JS Gladstones Trophy the wine must be awarded the top gold medal in its class. The winner will be decided in a tasting involving the Chief Judge and specially selected representatives. Wine must be 100% from the indicated region to be eligible.

The Geographical Indications Committee identifies the following West Australian regions:

Blackwood Valley	Geographe	Great Southern
Manjimup	Margaret River	Peel
Pemberton	Perth Hills	Swan Districts

Most Successful Exhibitor Trophies Points for the Most Successful Exhibitor trophies will be awarded as below:

- Gold: 5 points
- Silver: 3 points
- Bronze: 1 point

In the event of a tie, the trophy will be decided by a medal count back. If still a tie, the Chief Judge's decision will be final.
